Education

Drexel University

B.S. User Experience and Interaction Design

Cumulative GPA: 3.98

Philadelphia, PA

Anticipated Graduation: June 2026

Work Experience

Motion Graphics Intern

MJH Life Sciences

Cranbury, NJ

Apr 2023 - Sept 2023

- Utilized assets and animation techniques to craft engaging medical info videos
- Created logo animations, video intros, and lower thirds, ensuring alignment with client branding
- Composed 3D models and scenes in Blender to integrate in animations
- Collaborated with the motion graphics team and other creatives to produce high quality animations

Project Experience

Developer, UX/UI Designer

Cookify Recipe Website

Philadelphia, PA

Sept 2023 - Dec 2023

- Programmed a dynamic recipe webpage using PHP to efficiently retrieve and display data from 37 recipes
- Integrated a MySQL database for recipe management to ensure quick and reliable access through optimized PHP backend interactions
- Conceptualized branding and enhanced user experience through responsive and intuitive web design

UX/UI, Interaction Designer

Dermio Mobile Skincare App

Philadelphia, PA

Apr 2023 - June 2023

- Redesigned a skincare app, unifying branding and UI for a cohesive visual experience
- Developed a seamless task flow, enhancing the overall user journey and interaction
- Designed and animated engaging microinteractions with Adobe After Effects to illustrate app flow

UX/UI Designer

Cafe Clover Website Redesign

Philadelphia, PA

Sept 2022 - May 2023

- Conducted user research to identify and address key website problem areas
- Analyzed feedback, reorganized content, and developed sitemaps and low-fidelity wireframes
- Utilized Figma to redesign brand identity and prototype final website and interactions
